

AUR31220

Certificate III in Mobile Plant Technology

Mobile plant technicians keep important Australian industries running. This qualification covers the skills and knowledge required to perform a broad range of tasks on a variety of mobile plant vehicles in the automotive service and repair industry. It is suitable for entry into the mining, construction and agricultural environment.

Learning outcomes

A Mobile Plant Mechanic is involved in servicing, repairing, overhauling and maintaining mobile heavy equipment such as highway transport vehicles, construction and earthmoving equipment, tractors and mobile industrial equipment.

Course costs

Participants enrolling via an apprenticeship pathway may be eligible for subsidised training. Eligibility and participant contribution fees vary state by state. Please contact Komatsu Training Academy for further information.

Duration

Up to 4 years.

Course duration may vary depending on your prior knowledge, skills and experience. If studying via an apprenticeship pathway this qualification is delivered face to face over a four (4) year period.

Delivery

There are a range of methods used for our training and assessment which include written and oral questions / answers, demonstration and observation of practical tasks.

Training locations

- » **Brisbane, QLD**
- » **Perth, WA**

Recognition of prior learning (RPL)

If you are currently working in the automotive electrical service industry and have more than 3 years' experience, please talk to a Komatsu Training Academy representative about RPL. Our specialist trainers can develop a tailored training plan for you based on your existing skills, knowledge and experience.

Resources required

Please note participants will be provided with all learning and assessment material. Participants will require their personal protective equipment (PPE) relevant to their workplace policy and procedures for undertaking practical activities.

Entry requirements

Eligible participants are normally employed by an employer who works within the Mobile Plant, Repair or relevant industry that would be suitable for an occupation.

Komatsu Training Academy recognises that not all participants will have the same level of ability in relation to reading, writing and performing calculations. All participants enrolling into a nationally recognised qualification will undertake a Language, Literacy and Numeracy (LLN) assessment, which is conducted online via LLN Robot. LLN Robot is an online system that combines Australian Core Skills Framework (ACSF) Testing, Course Profiling and LLN Support.

How to apply and enrol

Obtain an apprenticeship in **AUR31220**. Alternatively, if you have current existing knowledge, skills and experience then complete a RPL Application. Enrolments can be made directly through the Komatsu Training Academy.
